

🏆 D6 Challenger is entering its FIFTEENTH season! Holy cow!

OPENING DAY is scheduled for Sunday, March 26, and we will play Sundays through June 11. Games will continue to be played at Overpeck's Challenger Field in Palisades Park.

Game 1: 12:30 arrival; 1:00 to 2:00 game

Game 2: 2:00 arrival; 2:30 game

PLAYERS: Let us know if you are returning! If you are considering a shift from one game to another or want to discuss which game would be best for your child, let us know that as well. Feel free to invite friends to come join the fun!

BUDDIES: In addition to letting us know if you will be back, please let us know if you think you will likely miss more than 3 games. Many of our players crave consistency, so it is tough when their buddies are not able to attend regularly. Buddies who cannot commit to regular attendance are still welcome (e.g., as "floaters"), but we will better meet the needs of our players if we know this ahead of time.

You can find this season's schedule, along with other pertinent information and forms on our website: www.d6challenger.com

District 6 Challenger

The Challenger Division, a separate and unique unit of Little League Baseball, was created as a means of allowing children with physical and/or mental disabilities to directly participate in this wonderful sport. It offers an alternative to those for whom play on a conventional league might be too difficult.

. Forms can be sent back via email or postal mail (PO Box 366 Edgewater 07020). Or, you can simply bring them to the first game. Registration cost for players remains the same \$40 it has always been. If this poses a hardship, simply be in touch. We have never turned a player away for any reason.

Keep in mind that letting us know if you are returning allows us to prepare rosters, uniforms, and equipment and assure we have the right number of buddies to meet our players' needs. Please RSVP!

We miss you all and can't wait to see you again on the field.
