

JILL'S HOUSE

Jill's House is a nonprofit organization that provides camp for school-aged kids with an intellectual disability. While their diagnosis might normally keep them from a typical camp experience, Jill's House tailors weekend adventures just for them. From archery to the giant swing, swimming, and campfire s'mores, Jill's House campers get it all! While the kids are thriving at camp, their families enjoy some much-needed respite. Adventure for special kids and a rhythm of rest for their families – it's a win-win!
