

# Join us this Fall for The Miracle Project™

*a fully inclusive music and theatre program serving children  
and adults with autism and other special needs*

This creative dynamic socialization program was founded in 2004 in Los Angeles by Elaine Hall and is now being fully implemented at MPAC, the only provider in New Jersey! It uses proven methodology to provide individuals with autism and other disabilities the tools to build communication, social skills, community and greater self-esteem through inclusive theatre and expressive arts programs, including music, dance, acting and story-telling! ALL children of ALL abilities grow in skills and in spirit while creating and performing.
