PAYMENT POLICY

Payment or Purchase Orders are due prior to the date of the workshop.

All payments can be made online by PO, Credit Card, or E-Check.

Questions? Contact Michele Griffin @ 201-343-6000 X 6541
micgri@bergen.org

*****All workshop confirmations will be sent via e-mail*****

If a participant indicates that their district will be sending a PO, the district must send written confirmation prior to the workshop. Please communicate with your district to be sure they have sent the proper paperwork. If a participant completes a workshop without providing district approval or personal payment, the ETTC reserves the right to withhold their PD certificate until payment is received. If you did not receive a confirmation email from us, you may not be registered. **ALL REGISTRATIONS MUST BE COMPLETED ONLINE AT www.bergen.org/ettc.**

CANCELLATION POLICY

Cancellations must be received 24 hours prior to each workshop. No refunds will be given on no-shows or cancellations received fewer than 24 hours in advance. A paid registration is transferable in the event you are unable to attend. If a workshop is full, you can be put on a waitlist and notified within two days of the workshop if space becomes available.

Presenters

**Judith Fiorica
Cynthia Mills
Louise Ortiz
Rasheda Islam
Marie Mannino
Farrah Rosenthal
Susan Lesh**

All workshops take place in our computer lab located at: 540 N. Farview Ave, Paramus, NJ 07652 on the 3rd floor. The parking lot and entrance to the ETTC are located on Farview Ave.

IMPORTANT NOTE: Making a left hand turn in or out of our Farview Avenue driveway is prohibited and subject to a ticket and fine from the police. Please plan accordingly.

Digital Tools for the Classroom

301 - Technology to Differentiate Lessons

09/26/19 9:00am – 12:00pm \$75 Louise Ortiz

In today's classroom, creating digital differentiated lessons and assignments is a must, but how do you know what technology to use? This workshop will explore the latest technologies that lend themselves well to creating differentiated lessons. We will explore the features and capabilities of tools such as G Suite apps, student response tools, multimedia apps and more to create assignments that are leveled and provide choices for all learners.

302 - Assistive Technology Tools to Support Dyslexia and Reading Disabilities

10/15/19 9:00am – 12:00pm \$75 Farrah Rosenthal

Many of our students are struggling with learning disabilities and Dyslexia is one of the most common. Come see how to use web tools, the Google environment, apps, and extensions to support the learner's reading and writing skills. There are many free supports available now!

303 - Flipping Out! An Introduction to the Flipped Classroom for Blended Learning

11/21/19 9:00am – 12:00pm \$75 Farrah Rosenthal
02/04/20

You've been hearing the buzzword for a few years now, but what is a Flipped Classroom? Join us for a morning of flipping out! Learn best practices, tips and tricks, and the easiest tools to use to "flip" your classroom and put your students in charge of their learning.

Digital Tools for the Classroom

304 - Multimedia Presentations: Going Beyond Powerpoint

12/10/19 9:00am – 12:00pm \$75 Farrah Rosenthal

Powerpoint has been the standard tool for creating presentations for nearly 30 years. However, it is by far not the only option. In this session, we will investigate alternative web-based and iPad based solutions for more engaging, and let's face it, FUN ways to present content. Make your presentations more exciting and give your students other options for their projects as well!

305 - S.T.E.A.M.

10/22/19 9:00am – 12:00pm \$75 ETTC Team

This workshop will discuss and demonstrate both digital & hands on tools to implement STEAM lessons in the classroom. Participants will explore Google apps and programs for student assignments and assessment. There will be hands-on center based activities to allow the exploration of various digital devices and manipulatives to implement STEAM based lessons. Join us for a fun, collaborative day!

306 - Art in the STEAM World - Elementary

02/27/20 9:00am – 1:00pm \$100 Farrah Rosenthal

STEM is a hot topic these days. Science, Technology, Engineering, and Math are all included! However, Art has joined the party! Come join us for a morning of hands-on projects and ideas that turn our STEM lessons into STEAM lessons with the inclusion of Art and Design!

Digital Tools for the Classroom

307 - Kinder Coding!

01/30/20 9:00am – 12:00pm \$75 Farrah Rosenthal

Coding and programming have quickly become 21st century skills our students are expected to learn in their STEM programs. Early exposure can help them in the future. Enter coding in kindergarten! Join us for a fun, hands-on session to learn about low-tech, high-tech, and no tech programming for your early learners.

308 - Technology and Student Wellness

12/17/19 9:00am – 12:00pm \$75 Louise Ortiz

Many educators today recognize the need to address student wellness in the school setting due to its impact on student performance and learning. School districts across the country are implementing mindfulness programs, self regulation and social emotional learning strategies and are excited about the results. This workshop will address how technology has a role in student wellness and will explore tools to support the implementation of mindfulness, self regulation and social emotional learning in the classroom. We will focus on specific apps and technology-based lessons to support student wellness.

309 - Built-In Accessibility Features in Your iPads and Chromebooks

02/10/20 9:00am – 12:00pm \$75 Farrah Rosenthal

Do you have students who struggle with accessibility due to physical or learning disabilities? There are many third party tools available to add accessible features to your Chromebooks and iPads. However, there are great built-in accessibility options on these devices! Come learn what they are, where they are, and how to customize for your students during this session.

Digital Tools for the Classroom

310 - Escape Activities for the Classroom

01/23/20 9:00am – 12:00pm \$75 Louise Ortiz & Judith Fiorica

The Escape Classroom is a fun new way to engage your students and encourage collaborative learning. But what is it exactly and how do you do it? In this workshop, we will break it all down for you and provide you with resources and ideas that will get you on your way to making exciting new activities that match the learning goals of your classroom. We'll explore how to implement breakouts using both virtual and physical locks.

311 - AR, VR, and MR

01/14/20 9:00am – 12:00pm \$75 Louise Ortiz

AR, VR and MR... What *R* they? In this workshop, you will learn what *Augmented Reality*, *Virtual Reality* and *Mixed Reality* are and how these exciting tools can be used in the classroom. AR, VR and MR allow for immersive and engaging lessons that your students will love! Explore the inside of a volcano right in your classroom, or create interactive posters that come alive, and learn about MR headsets and how they transform learning. Come join us and create! It's easier than you think! Bring an iPad if you have one!

312 - iPad Apps for Your Self-Contained Classroom

10/24/19 9:00am – 12:00pm \$75 Farrah Rosenthal

Do you teach in a self-contained classroom? Are you curious about new ways you can modify and adapt materials for your special needs students? Join us for a fun session to discuss awesome iPad apps to help you create adapted materials and engaging educational activities for your students. You will leave with the knowledge to create an iPad “toolbox” for your self-contained classroom. Please bring your iPad for a hands-on experience.

Digital Tools for the Classroom

313 - An Introduction to Project Based Learning

11/12/19 9:00am – 12:00pm \$75 Farrah Rosenthal

Calling all Kindergarten through 5th grade teachers! Come join us as we discover projects and apps to address the four C's of the NJ Student Learning Standards - creativity, critical thinking, communication, and collaboration. It will be a fun, hands-on workshop to play and learn these apps and projects. This workshop is iPad centered. Please bring your own device.

Google Workshops

614 - Utilizing Google Arts & Culture in the Classroom

01/22/20 9:00am - 12:00pm \$75 Farrah Rosenthal

With Google's Arts & Culture app, art and history collide! Explore historical places, events, and people. Take virtual field trips to galleries and museums across the world. Curate your own galleries and virtually walk through places your students may never visit. Using the FREE app, discover artworks and places with augmented reality. No matter your concentration - come see how Google Arts & Culture can fully immerse your students in an engaging format. Please bring an iPad if you wish to participate hands-on.

Google Workshops

600 - Google Projects

11/04/19 9:00am – 12:00pm \$75 Louise Ortiz & Rasheda Islam

Did you know that students can find their likeness to famous portraits, explore the stars... or doodle their way to a scholarship? Google has tons of exciting projects to drive inquiry-based learning that you can implement in your classroom. This workshop will guide you to implement projects with G Suite and other Google programs on computers and mobile devices, and provide resources to obtain materials for your classroom.

601 - Introduction to Google Drive

09/19/19 9:00am – 1:00pm \$100 Farrah Rosenthal
01/13/20

Has your school moved to Google Drive? Are you freaking out? Is this too “digital” for you? Join us in this workshop to get a basic overview of the components of the Drive. We will also focus on Docs, Slides, and Forms during this beginner class.

Google Workshops

602 - Google Slides: An Interactive Blast! New

11/19/19 9:00am - 12:00pm \$75 Louise Ortiz

Join us and take an in depth look at the cool things you can do with Google Slides! Participants will learn to create activities such as interactive notebooks, student response activities, ebooks, clickable lessons and formative assessments using Google Slides. Who knew!?! Please have a Google Account setup prior to attending.

603 - Introduction to Google Classroom

10/07/19 9:00am – 12:00pm \$75 Farrah Rosenthal
01/07/20

You may already be using and sharing in Google Drive, but have you experienced the ease of Google Classroom? Google Classroom is an amazing tool for sharing, collaborating, and communicating with your students and colleagues. Learn how to assign work, retrieve work, add engaging materials, and conduct meaningful dialogue with your class through this FREE online platform.

604 - Creative Ways to Use Google Forms in the Classroom

12/04/19 9:00am – 12:00pm \$75 Judith Fiorica

This workshop covers everything you need to know to use Google Forms to create surveys, quizzes, and differentiated activities for the classroom. We will start at the very beginning and walk through form creation, the use of different question types for different purposes, self-grading quizzes, branching forms that respond to individual students' learning needs, and we will survey various add-ons to make Forms even more powerful.

Google Workshops

605 - Google Tools for Middle/High School

10/21/19 9:00am – 12:00pm \$75 Louise Ortiz

Your students have been “Googling” for years- but Google has much more to offer! This workshop will take an in depth look at the range of tools that Google provides to facilitate student driven learning experiences. This class is designed for those who have a basic knowledge of Google Drive, but want to learn more about the core G Suite apps, Google add-ons and Chrome extensions to create engaging and differentiated lessons for 21st Century learners!

606 - Afternoon Google Series (All 7 Sessions)

10/01, 10/08, 10/15, 10/22, 10/29, 11/12, 11/19

\$300 4:15pm - 5:45pm

Earn 10.5 hours of professional development over seven sessions while learning the basics of Drive, Docs, Sheets, Slides, Forms and Sites. Get organized in Drive, learn to collaborate with colleagues and students, create word processing documents, spreadsheets, self-grading quizzes and put up your own website. Just bring your desire to learn - there are no other prerequisites for this offering.

After School Workshops

Afternoon Google Series -Individual Afternoon Sessions-

607 - Intro to Google Drive

10/01/19 4:15 pm - 5:45 pm \$50 Farrah Rosenthal

Join us in this workshop to get a basic overview of the components of Drive. Learn how to create files and folders as well as share and collaborate with others.

608 - Intro to Google Docs

10/08/19 4:15 pm - 5:45 pm \$50 Farrah Rosenthal

Say good-bye to Word and Pages and hello to Google Docs! Join us this afternoon and learn how to create, modify, and collaborate on Google Docs. This session will include tips and tricks for converting Microsoft Word files, adding students & colleagues as collaborators, and sharing live documents in real time.

609 - Intro to Google Slides

10/22/19 4:15 pm - 5:45 pm \$50 Louise Ortiz

Make the transition from Powerpoint to Google and learn the basics of creating a presentation in Google Slides. By the end of the session, you will know how to select a theme for your presentation, vary slide layouts, and insert videos and other interactive tools into your presentation to engage your learners.

After School Workshops

Afternoon Google Series -Individual Afternoon Sessions-

610 - Intro to Google Sheets

11/19/19 4:15 pm - 5:45 pm \$50 Rasheda Islam

Participants will learn the basics of creating and organizing tabs, formatting cells, rows and columns, as well as begin to use formulas such as average, sum, count, and more.

611 - Intro to Google Forms

10/15/19 4:15 pm - 5:45 pm \$50 Judith Fiorica

This workshop covers everything you need to know to use Google Forms to create surveys and quizzes for the classroom. We will start at the very beginning and walk through form creation, the use of different question types for different purposes, and self-grading quizzes.

612 - Intro to Google Sites

11/12/19 4:15pm - 5:45pm \$50 Judith Fiorica

Learn how to create a website for your school or classroom to help you connect and communicate with students, parents, and fellow teachers or staff. We will walk through all the features of the new Google Sites and give you the opportunity to try them yourself while you build your very own website.

After School Workshops

Afternoon Google Series -Individual Afternoon Sessions-

613 - Intro to Google Calendar

10/29/19 4:15 pm - 5:45 pm \$50 Louise Ortiz

Keep yourself and your students organized with Google Calendar! Learn to create multiple calendars, manage and share events with others, send reminders, link with Classroom, Maps and more.

Special Events - Guest Presenters

Rich Kiker - Kiker Learning

001 - Google Certified Educator Level 1 Bootcamp

10/28/19 & 10/29/19 9:00am - 3:00pm \$300

For [Course Description](#), see page 17

002 - Google Certified Educator Level 2 Bootcamp

12/02/19 9:00am - 3:00pm \$200

For [Course Description](#) see page 18

Special Events - Guest Presenters

Jeff Lisciandrello - Room To Discover

126 - A Hands-On Approach to Math Instruction Level 1 (2 Day) - - includes lunch

10/02/19 & 10/03/19

\$250 9:00am - 3:00pm (Includes lunch)

For Course Description see page 19

127 - A Hands-On Approach to Math Instruction Level 2 (2 Day) - - includes lunch

01/16/20 & 01/17/20

\$250 9:00am - 3:00pm (Includes lunch)

For Course Description see page 20

GOOGLE CERTIFIED EDUCATOR LEVEL I BOOTCAMP

October 28-29, 2019
9:00 AM to 3:00 PM
FEE \$300 Includes Lunch

During this two day learning experience, participants will learn the essentials of G Suite for Education with a focus on the skills and techniques needed to complete the online exam to achieve "Google Educator" status and pursue "Google Education Trainer" status.

Rich Kiker, top-rated Google Certified Trainer, will facilitate the course and guide participants through various activities and classroom examples using media rich content, responsive instruction techniques, and design labs.

Learning outcomes for this workshop include:

- Test preparation for the new Google Educator exam and models of excellence that includes classroom readiness with all Google for Education solutions including:
 - Gmail
 - Calendar
 - Chrome
 - Drive
 - Sites
 - Classroom
- Exploration of the Google Trainer process

Custom eGuide included for all participants

- Shared resources in a custom Google Site with video playlists, test taking tools/tips, and a test prep e-learning scaffold
- eGuide serves as an ongoing eBook resource
- Includes Google for Education tools dashboard

All registrations for this workshop must be done online at:
www.bergen.org/registration

GOOGLE CERTIFIED EDUCATOR LEVEL 2 BOOTCAMP

December 2, 2019
9:00 AM to 3:00 PM
FEE \$200 Includes Lunch

During this one day learning experience, participants will learn the essentials of G Suite for Education with a focus on the skills and techniques needed to complete the online exam to achieve "Google Educator Level 2" status.

Rich Kiker, top-rated Google Certified Trainer, will facilitate the session and guide participants through various activities and classroom examples using media rich content, web based tutorials, and video learning libraries.

Learning outcomes for this workshop include:

- After completing the Level 1 Certification Camp, participants in this session will be prepared in topics for Level 2 certification including:
 - Expanded Drive
 - Sites
 - Chrome
 - Blogger
 - YouTube
 - Google +
 - Maps and Earth
 - Hangouts
- Exploration of the Google Trainer process

Custom eGuide included for all participants

- Shared resources in a custom Google Site with video playlists, test taking tools/tips, and a test prep e-learning scaffold
- eGuide serves as an ongoing eBook resource
- eGuide includes a Google Apps and the Common Core Guide and Google EDU Tools Dashboard

All registrations for this workshop must be done online at:
www.bergen.org/registration

ROOM TO DISCOVER

Two Day Workshop: A Hands-On Approach to Math Instruction - LEVEL 1

Students who experience hands-on math in their classrooms are more engaged and see connections between mathematical concepts. Collaborative problem-solving also helps students develop higher-order thinking and social-emotional skills.

October 2 & 3
2019

9:00am-3:00pm

Registration Fee:
\$250 (Includes Lunch)

Benefits of Hands-On Math

- Increase student engagement
- Support social-emotional learning
- Promote higher order thinking
- Improve motivation and retention

Practical Classroom Strategies

On Day 1, participants will engage in problem-based learning activities involving visual models, number sentences, and word problems.

On day 2, participants will explore planning and facilitating problem-based lessons, using Van De Walle's 3-part workshop model. ***Bring your unit plans and pacing guides**

Each participant receives a copy of *Hands-On Math: Level 1 Workbook*, which includes planning templates and licensed reproducibles for classroom use.

Session Highlights

- Participate in hands-on math activities
- Turn any standard into an IBL lesson
- Best practices for facilitative teaching
- Free planning guides and resources

About the Presenter:

Jeff Lisciandrello is an expert in student-centered learning and instructional technology, with 15 years experience as a classroom teacher and instructional coach. His [3-Bridges Design for Learning](#) supports schools in exploring innovative practices within traditional settings. Jeff's workshops and embedded coaching model inquiry-based and personalized approaches for adult learners.

See all Workshops and Register at: www.bergen.org/registration

ROOM TO DISCOVER

Two Day Workshop: A Hands-On Approach to Math Instruction - LEVEL 2

This 2-day course builds on Hands-On Math: Level 1, to support teachers in making hands-on math a regular part of their classroom routine. Participants will explore and practice advanced teacher competencies related to hands-on math instruction.

January 16 & 17
2020

9:00am-3:00pm

Registration Fee:
\$250 (Includes Lunch)

Session Highlights

- ❑ Conceptual Curriculum Planning
- ❑ Collaborative Learning Strategies
- ❑ Assessing Student Artifacts
- ❑ Hands-On Differentiation

Practical Classroom Strategies

On Day 1, we will explore curriculum planning strategies that maximize coherence and conceptual understanding. Participants will create unit plans and modify hands-on lessons to accommodate different learning needs.

On day 2, we'll explore facilitation and assessment. Participants will learn strategies to promote collaborative learning, as well as ways to fairly assess student artifacts and presentations.

Each participant receives a copy of *Hands-On Math: Level 2 Workbook*, which includes planning templates and licensed reproducibles for classroom use.

****Participants must have completed Hands-On Math: Level 1. The assessment section of this workshop includes a review of student artifacts based on lessons introduced in Level 1. Participants should bring a copy of their current curriculum guide.***

About the Presenter:

Jeff Lisciandrello is a consultant specializing in student-centered learning and instructional technology, with 15 years experience as a classroom teacher and instructional coach. His [3-Bridges Design for Learning](#) supports schools in exploring innovative practices within traditional settings. Jeff's workshops and embedded coaching model inquiry-based and personalized approaches for adult learners.
