PAYMENT POLICY

**Payment or Purchase Orders are due prior to the date of the workshop.
All payments can be made online by PO, Credit Card, or E-Check.**

Questions? Contact Michele Griffin @ 201-343-6000 X 6541
micgri@bergen.org

All workshop confirmations will be sent via e-mail

If a participant indicates that their district will be sending a PO, the district must send written confirmation prior to the workshop. Please communicate with your district to be sure they have sent the proper paperwork. If a participant completes a workshop without providing district approval or personal payment, the ETTC reserves the right to withhold their PD certificate until payment is received. If you did not receive a confirmation e-mail from us, you may not be registered. **ALL REGISTRATIONS MUST BE COMPLETED ONLINE AT www.bergen.org/ettc**.

CANCELLATION POLICY

Cancellations must be received 24 hours prior to each workshop. No refunds will be given on no-shows or cancellations received fewer than 24 hours in advance. A paid registration is transferable in the event you are unable to attend. If a workshop is full, you can be put on a waitlist and notified within two days of the workshop if space becomes available.

<u>Presenters</u>

Judith Fiorica
Rasheda Islam
Louise Ortiz
Farrah Rosenthal

All workshops take place in our state-of-the-art facility located at: 540 N. Farview Ave, Paramus, NJ 07652 on the 3rd floor. The parking lot and entrance to the ETTC are located on Farview Ave.

IMPORTANT NOTE: Making a left hand turn in or out of our Farview Avenue driveway is prohibited and subject to a ticket and fine from the police. Please plan accordingly.

Digital Tools for the Classroom

301 Technology to Differentiate Lessons - New
10/23/18   9:00am – 12:00pm $75   Louise Ortiz

In today's classroom, creating digital differentiated lessons and assignments is a must, but how do you know what technology to use? This workshop will explore the latest technologies that lend themselves well to creating differentiated lessons. We will explore the features and capabilities of tools such as G Suite apps, student response tools, multimedia apps and more to create assignments that are leveled and provide choices for all learners.

302 Assistive Technology Tools to Support Dyslexia and Reading Disabilities
12/18/18   9:00am – 12:00pm $75   Farrah Rosenthal

Many of our students are struggling with learning disabilities and Dyslexia is one of the most common. Come see how to use web tools, the Google environment, apps, and extensions to support the learner's reading and writing skills. There are many free supports available now!

309 Flipping out! An Introduction to the Flipped Classroom for Blended Learning
10/04/18   9:00am – 12:00pm $75   Farrah Rosenthal
02/26/19   9:00am – 12:00pm $75

You've been hearing the buzzword for a few years now, but what is a Flipped Classroom? Join us for a morning of flipping out! Learn best practices, tips and tricks, and the easiest tools to use to "flip" your classroom and put your students in charge of their learning.

Digital Tools for the Classroom

310 Multimedia Presentations: Going Beyond Powerpoint

01/24/19   9:00am – 12:00pm $75   Farrah Rosenthal

Powerpoint has been the standard tool for creating presentations for nearly 30 years. However, it is by far the only option. In this session, we will investigate alternative web-based and iPad based solutions for more engaging, and let's face it, FUN ways to present content. Make your presentations more engaging and give your students other options for their projects as well!

312 Setting Up Your Digital Classroom: New Adventures in Teaching

10/09/18   9:00am – 12:00pm $75   Rasheda Islam

This is the generation of the digital learner! Therefore, you need a digital classroom. Solutions will be presented for managing devices such as interactive whiteboards, computers, iPads, and even mobile phones in the classroom setting! You will also learn about utilizing popular cloud-based tools your students are already using in their personal lives for creativity, collaboration, and communication.

313 S.T.E.A.M.

10/24/18   9:00am – 12:00pm $75   ETTC Team

This workshop will discuss and demonstrate both digital & hands on tools to implement STEAM lessons in the classroom. Participants will explore Google apps and programs for student assignments and assessment. There will be hands-on center based activities to allow the exploration of various digital devices and manipulatives to implement STEAM based lessons. Join us for a fun, collaborative day!

Digital Tools for the Classroom

314   Art in the STEAM World - Elementary
11/29/18   9:00am – 12:00pm $75   Farrah Rosenthal

STEM is a hot topic these days. Science, Technology, Engineering, and Math are all included! However, Art has joined the party! Come join us for a morning of hands-on projects and ideas that turn our STEM lessons into STEAM lessons with the inclusion of Art and Design!

---

315   QR, VR, and AR... OH MY!
01/14/19   9:00am – 12:00pm $75   Louise Ortiz & Farrah Rosenthal

Quick Response Codes, Virtual Reality, and Augmented Reality may be terms you've heard in passing, but do you really know what they mean? These tools allow for immersive, engaging instructions that your students will love. Add digital content to your paper handouts with QR, , take your class on a field trip to the Louvre with VR, , and make their work literally come alive with AR! Come learn how to use these tools for your classroom. It's easier than you think! Bring an iPad if you have one!

---

317 An Introduction to Project Based Learning
12/06/18   9:00am – 12:00pm $75   Farrah Rosenthal

Calling all Kindergarten through 5th grade teachers! Come join us as we discover projects and apps to address the four C's of the Core Curriculum Standards - creativity, critical thinking, communication, and collaboration. It will be a fun, hands-on workshop to play and learn these apps and projects. This workshop is iPad centered. Please bring your own device.

Digital Tools for the Classroom

318 The "Write" Tools for Writing in the 21st Century Classroom
11/06/18   9:00am – 12:00pm $75   Louise Ortiz

Today, students need to communicate effectively in a digital environment and to a global audience. This workshop will explore relevant writing tools and strategies that speak to the requirements and needs of today's learners. We will discuss options for computers and mobile devices.

Google Workshops

600 Introduction to Google Drive
10/15/18 9:00am – 1:00pm $100   Farrah Rosenthal
02/05/19 9:00am – 1:00pm $100

Has your school moved to Google Drive? Are you freaking out? Is this too "digital" for you? Join us in this workshop to get a basic overview of the components of the Drive. We will also focus on Docs, Slides, and Forms during this beginner class.

601   Google Projects   New
02/06/19   9:00am – 12:00pm $75   Louise Ortiz & Rasheda Islam

Did you know that students can find their likeness to famous portraits, explore the stars…. or doodle their way to a scholarship? Google has tons of exciting projects to drive inquiry based learning that you can implement in your classroom. This workshop will guide you to implement projects with G Suite and other Google programs on computers and mobile devices and provide resources to obtain materials for your classroom.

Google Workshops

602 Introduction to Google Classroom

11/14/18   9:00am – 12:00pm $75   Farrah Rosenthal

You may already be using and sharing in Google Drive, but have you experienced the ease of Google Classroom? Google Classroom is an amazing tool for sharing, collaborating, and communicating with your students and colleagues. Learn how to assign work, retrieve work, add engaging materials, and conduct meaningful dialogue with your class through this FREE online platform.

604 Introduction to the Google Chrome Browser

11/13/18   9:00am – 12:00pm $75   Rasheda Islam

In this workshop, the most novice of users will get an understanding of what makes the Chrome browser different from other browsers. Participants will learn how to sign into Chrome and how to customize their browser with a personalized theme. In addition, participants will understand the difference between apps and extensions and will practice searching, adding, and removing apps and extensions to customize their browser experience. Beginners level workshop.

605 Putting Gmail and Google Calendar to Work for You

01/09/19   9:00am – 12:00pm $75   Farrah Rosenthal

You can send, reply, and forward in your Gmail. You can add a birthday or meeting to your calendar. These are the basics. However, Gmail and Calendar can do so much more for you! Come discover more advanced features in both products to help keep you organized, in touch, and in charge. This class is designed for a user with a working knowledge of the very basics of Gmail and Calendar. You don't need to be a master but some familiarity would be a bonus!

606 Introduction to Google Forms
11/07/18   9:00am – 12:00pm $75   Judith Fiorica

This workshop covers everything you need to know to use Google Forms to create surveys, quizzes, and differentiated activities for the classroom. We will start at the very beginning and walk through form creation, the use of different question types for different purposes, self-grading quizzes, branching forms that respond to individual students' learning needs, and we will survey various add-ons to make Forms even more powerful.

607 Creating Websites in New Google Sites
1/15/19   9:00am – 12:00pm $75   Judith Fiorica

Learn how to create a website for your school or classroom to help you connect and communicate with students, parents, and fellow teachers or staff. We will walk through all the features of the new Google Sites and give you the opportunity to try them yourself while you build your very own website. Bring pictures and links that you'd like to include.   Basic computer skills are needed but programming skills are not required.
608 Google Tools for Middle/High School
12/04/18   9:00am – 1:00pm $100   Louise Ortiz

Your students have been "Googling" for years- but Google has much more to offer! This workshop will take an in depth look at the range of tools that Google provides to facilitate student driven learning experiences. This class is designed for those who have a basic knowledge of Google Drive, but want to learn more about the core G Suite apps, Google add-ons and Chrome extensions to create engaging and differentiated lessons for 21st Century learners!

WORLDS OF MAKING
Presented by Laura Fleming

September 28, 2018
9am - 3pm
540 N. Farview Avenue
Paramus, NJ

This full day learning experience will provide participants with the skills needed to plan and implement a makerspace that is unique and meaningful for the classroom.

During this session, you will gain hands-on experience that showcases the power of making, tinkering, design and engineering. You will learn how to use effective prompting strategies to challenge students to higher-level thinking. All participants will walk away with a Makerspace Action Plan!

Learning outcomes include:
- Uncovering a personal philosophy for what "making" means
- Learn how to select materials on any budget
- Gain strategies for boosting the maker skills of your students
- Develop an understanding of strategies for assessment of skills in a makerspace
- Gain strategies for effectively creating, managing and facilitating a GREAT makerspace

About the Presenter:
Laura Fleming is an educator of 20 years and the best-selling author of *Worlds of Making: Best Practices for Establishing a Makerspace for Your School* and *The Kickstart Guide to Making GREAT Makerspaces.* To read more about Laura, go to worldsofmaking.com/about.

The fee for this workshop is $125
