1.3. Background

Bergen County Technical Schools was founded in 1942 to oversee the County's growing need for vocational education. At that time, students studied the union trades of plumbing, carpentry, masonry and electrical work. Over the years, the cornerstone of Bergen County Technical Schools' success has been the ability to continually adapt academic and skill preparation programs to meet the changing needs of industry and business. As a high school option for students in the County, the district's programs must remain market driven. The county high schools are located in Hackensack, Paramus and Teterboro, Old Tappan and Demarest and provide education to nearly 3,300 students annually.

Bergen County Technical Schools also provides Adult and Continuing Education at our various campuses. With nearly 20,000 students enrolled yearly, BCTS provides full-time and part-time courses to adult enrollees. For further information, please visit the district website www.bergen.org/bcts.

1.4. **Procurement Process and Schedule**

The selection of Qualified Respondents is subject to the provisions of N.J.S.A 18A:18A-1 et seq., the Public School Contracts Law and the "New Jersey Pay-to-Play" Law, P.L. 2005 c.271 N.J.S.A. 19:44A-20.26. The contractor is advised of the responsibility to file an annual disclosure statement on political contributions with the New Jersey Election Law Enforcement Commission pursuant to N.J.S.A. 19:44A-20.27 if the contractor receives contracts in excess of \$50,000.00 from public entities in a calendar year. It is the contractor's responsibility to determine if filing is necessary. Additional information on this requirement is available from ELEC at 888-313-3532 or at www.elec.state.nj.us.

The Board has structured a procurement process that seeks to obtain the desired result described above, while establishing a competitive process to assure that each person and/or firm is provided an equal opportunity to submit a Qualification Statement in response to the RFQ. Qualification Statements will be evaluated in accordance with the criteria set forth in this RFQ, which will be applied in the same manner to each Qualification Statement received.

Qualification Statements will be reviewed and evaluated by the Board and its legal, professional, and/or financial advisors (collectively, the "Review Team"). The Qualification Statements will be reviewed to determine if the Respondent has met the minimum professional, administrative and financial areas described in this RFQ. Under no circumstances will a member of the review team review responses to an RFQ for a job which they or their firm submitted a response. Based upon the totality of the information contained in the Qualification Statement, including information about the reputation and experience of each Respondent, the Board will (in its sole judgment) determine which Respondents are qualified (from professional, administrative and financial standpoints). Each Respondent that meets the requirements of the RFQ (in the sole judgment of the Board) will be designated as a Qualified Respondent and will be given the opportunity to participate in the selection process determined by the Board.

The RFQ process commences with the issuance of this RFQ. The steps involved in the process and the anticipated completion dates are set forth in Table 1, Procurement Schedule. The Board reserves the right to, among other things, amend, modify or alter the Procurement Schedule upon notice to all potential Respondents.

All communications concerning this RFQ or the RFQ process shall be directed to the Board's designated contact person below in writing or via email:

APPENDIX F
CERTIFICATION OF COMPLIANCE
WITH CRIMINAL HISTORY RECORDS CHECK

On September 9, 2019, the Office of Fiscal Accountability and Compliance of the New Jersey Department of Education issued written guidance entitled **Contractor Employees Procedure for Criminal History Record Checks**. A copy is attached (**Appendix G**).

The Guidance requires, among other things, that contractors that come into regular contact with students be registered with the Office of Student Protection and that the contractor's employees performing work in a school facility undergo criminal history review checks.

To that end, **your compliance with the following is required only after a project has been awarded to your firm and but prior to any work beginning:**

1. Contractor employees who will be performing work in any school facility are required to submit to a Criminal History Review record check using codes assigned by the Office of Student Protection. The cost of the criminal history check shall be borne by the Contractor. No employee of a contract service provider may commence work at a school facility without first having obtained an approval for employment from the Office of Student Protection;
2. If you have not been assigned a code by the Office of Student Protection, you are required to apply for and receive a code. All costs or fees for applying for the code shall be borne by Contractor.
3. You are to provide the School Business Administrator with a list of all individuals who will be utilized by Contractor for any work in any school facility and who are required to undergo a criminal history record check.

I, _____, hereby certify that I am employed by _____ in the position of _____. I certify that I have read, understand, and will comply with the requirements above and am authorized to execute this Certification on behalf of my employer/organization. I certify that the foregoing statements made by me are true and I am aware that if any of the foregoing statements made by me are willfully false, I am subject to punishment.

DEPARTMENT OF EDUCATION

A Memo from the New Jersey Department of Education

Date: September 9, 2019

Contractor Employees Procedure for Criminal History Record Checks

The Office of Student Protection suggests the following recommendation when educational facilities submit contractor employees (i.e., masons, building and roofing companies) for short-term and long-term projects. The school official, acting as a liaison to the construction contractor, must share with other school district administrators the names of the company's employees who will be submitting to a criminal record check. This process will assure that employees of the contractor who have not obtained their approval for employment and are disqualified or ineligible for school employment will be identified as a contractor service provider employee and not continue to be employed at school facilities and have direct contact with the student population.

To ensure compliance with the requirements of *N.J.S.A. 18A:6-7.2*, the Chief School Administrator shall direct the school official acting as a liaison to the construction company to obtain a list of individuals who will be employed by the contractor for the school facility project that will be undergoing a criminal history record check. The liaison shall then provide a copy of this list to the Superintendent's Office and Human Resource Director, as these offices will receive any adverse action correspondence from the OSP related to the criminal history record check process. Upon receipt of disqualification or ineligibility correspondence, the Superintendent's Office or Human Resource personnel shall review the contracted company list in order to determine if the subject of that letter is either a school employee or an employee of any contract service provider and take the appropriate action.

*As with any school employee, **no employee of a contract service provider** shall commence work at a school facility without having first obtained an approval for employment from the Office of Student Protection.*

Approvals for employment for these type contracted employees shall be maintained with the liaison and copies forwarded to the Superintendent's Office.
