

Our peers at the Bergen County Academies S.P.A.R.K. hosted a Luau on Thursday, May 25th. Students were delighted to receive leis and be welcomed into the gym under an arch of bamboo sticks. Academy students brought their warm smiles, dance moves and lots of enthusiasm as they paired up with Blesman students to have an amazing time. It was heartwarming to watch students interact with each other and build friendships that will be remembered forever.
