

## Assignment 2: Design your own garden

It's springtime and time to begin planning your very own vegetable garden. You can refer to the gardening tip video from the previous lesson. Follow the tips/hints/questions below to design your garden.

1. Is your garden a backyard garden, on your deck, or in your window at home?
2. Will you purchase established plants or grow from seeds?
3. Any recycled materials you plan on using? Think maker space
4. Water supply
5. Sunlight

Draw your garden and label the plants

Share with us the plants you have chosen and why?
