After reviewing the Workplace Safety Power Point and watching Mallory's Story please answer the following questions.

1. What Personal Protective Equipment (PPE) are you familiar with?

2. Which PPE's do you most frequently use?

3. Think about your personal internship or group internship. What safety precautions are used/reviewed with you?

4. Think about the job you want in the future. Is there safety equipment you need to use or lessons you have to learn?
