

# Parents as Champions for Healthy Schools

...helping to promote student success.  
For parents of children in grades 5 - 12

Learn how health promotes achievement in school and life and acquire the tools to make a difference in your school. If at least three parent team members from your school attend all five sessions you may qualify for a grant to improve and promote a healthy school climate.

Parents receive a **\$125 personal stipend upon completing all five sessions of the workshop** For More information contact your P.A.C. County Coordinator

**WHOLE SCHOOL  
WHOLE COMMUNITY  
WHOLE CHILD**

A healthy school community promotes a culture of wellness for all its members: students, teachers, administrators, principals, staff, parents, and community partners

Healthy Children Learn Better

Funded by a grant from New Jersey Department of Health, Child and Adolescent Health Program
