

Volunteer / Vocational Opportunities

Within each of our '**Especially Everyone Experience**' productions, we create paid and volunteer positions that are designed to include individuals with disabilities.

We partner with local programs and schools in advance of the show to place individuals in appropriate positions, and prepare them for the job with all of the necessary information.

Some available positions are:

GREETER:

for the more outgoing type, our greeters sit at the front table and welcome everyone as they arrive.

They give the guests wristbands, name tags, and information about the event.

PRODUCTION ASSISTANT:

for individuals interested in tech, the production assistants are involved in the load in and load out, and help set up mic stands, run cables, and check microphones.

VENDING ASSISTANT:

for individuals interested working at a store; the vending assistants are paired with various merchants to assist with whatever is needed at their vending booth.
