Virtual Information Sessions

Intern Success Is Our Passion

2025-2026 Program Year

Information Session Registration and Application Period Now Open

Project SEARCH is an extraordinary **employment and training opportunity** for differently abled young adults.

The Project SEARCH model involves an extensive period of

- skills training and career exploration,
- innovative adaptations,
- long-term job coaching, and
- continuous feedback from instructors, skills trainers, and business mentors.

As a result, Project SEARCH helps young adults with disabilities develop the habits and mindsets needed to make them successful for the duration of their working life.

Beyond hard and soft skills acquisition, Interns **learn the expectations of employers in both the recruitment process and in the workplace.**

Once Interns complete the program, they **receive effective follow-along services to enter and advance in the workforce, and maintain employment.**

Visit our website for more information, additional criteria, flyer, applications, and more.
