

**The Summer SNAP bonus cards of \$120 per child are mailed in June to the address provided by the child's participating School District. Thousands were undeliverable last year!**

**<https://www.nj.gov/summerebt/recieve-benefits/>**

**Families should apply and or update their address through the school district portal on the school district website.**

**And there is this note on the website:**

**If your child does not attend an NSLP/SBP-participating school, or is home-schooled, but your household participates in SNAP, TANF, income-eligible Medicaid, or Foster Care, and your child is between the ages of 6-16 years old, you must contact your local county social service agency to update your child's address.**
