All persons holding any office, position, or employment in the school district, who are steadily employed by the Board or who are protected by tenure in their office, position, or employment under the provisions of this or any other law, except persons in the classified service of the civil service under Title 11, Civil Service, of the Revised Statutes shall be allowed sick leave in accordance with N.J.S.A. 18A:30-2.

Pursuant to N.J.S.A. 18A:30-1.a., sick leave is defined as the absence from an employee's post of duty, for any of the following reasons:

 - b. Services from a designated domestic violence agency or other victim services organization;
 - c. Psychological or other counseling;

- 7. The school or place of care of a child of the employee is closed by order of a public official or because of a state of emergency declared by the Governor due to an epidemic or other public health emergency;
- 8. The employee has been exposed to a contagious disease or is quarantined for the disease in the employee's immediate household.

N.J.S.A. 18A:30-1, this Policy, and Regulation 1642.01 shall not supersede any law providing collective bargaining rights for school district employees, and shall not reduce, diminish, or adversely affect an employee's collective bargaining rights pursuant to N.J.S.A. 18A:30-1.b.

The Board reserves the right to require of any employee who claims sick leave sufficient proof in accordance with N.J.S.A. 18A:30-4 and Section C. of Regulation 1642.01.

The Superintendent or designee will prepare rules for the administration of N.J.S.A. 18A:30-1, N.J.S.A. 18A:30-4, this Policy, and Regulation 1642.01, which shall be binding on all employees.

Title: **RELIGION IN THE SCHOOLS**

The Board of Education recognizes that religious belief and disbelief are matters of personal conviction rather than governmental authority and the students of this district are protected by the First Amendment of the United States Constitution and by Article I, Paragraph 4 of the New Jersey State Constitution from the establishment of religion in the schools. The First Amendment requires public school officials to show neither favoritism toward nor hostility against religious expression such as prayer.

As a condition of receiving Elementary and Secondary Education Act of 1965 (ESEA) funds, the Board of Education must annually certify in writing to the New Jersey Department of Education that no Board policy prevents, or otherwise denies participation in, constitutionally protected prayer in public elementary and secondary schools, as detailed in tThe United States Department of Education's Guidance on Constitutionally Protected Prayer and Religious Expression in Public Elementary and Secondary Schools (USDOE Guidance). **The Board must provide this certification to the New Jersey Department of Education by October 1 of each year during which the Board participates in an ESEA program. The USDOE Guidance provides information on the current state of the law concerning constitutionally protected prayer and religious expression in public elementary and secondary schools.**

The following activities as outlined in the USDOE Guidance will be permitted upon applying the governing constitutional principles in particular **public school** contexts related to **prayer: prayer and religious exercise** during non-instructional time; organized prayer groups and activities; teachers, administrators, and other school employees' activities; moments of silence; accommodations **of for prayer and religious exercise** during instructional time; ~~prayer in classroom assignments~~; student assemblies and noncurricular events; prayer at graduation; and/or baccalaureate ceremonies.

The following activities as outlined in the USDOE Guidance will be permitted upon applying ~~the governing~~ constitutional principles **regarding religious expression other than prayer in particular public school contexts** ~~in particular contexts related to religious expression~~: religious literature; teaching about religion; student dress codes and policies; **religious expression in class assignments and homework**; and/or ~~religious~~ excusals **for religious activities**.

In addition to the constitutional principles outlined in this Policy and the USDOE Guidance, public schools may also be subject to requirements under Federal and State laws relevant to prayer and religious expression. Such Federal and State laws may not; however, obviate or conflict with a public school's Federal constitutional obligations described in the USDOE Guidance. The Equal Access Act, 20 U.S.C. Section 4071, is designed to ensure that student religious activities are **accorded** ~~afforded~~ the same access to Federally funded public secondary school facilities as are student secular activities.

The United States Department of Justice has developed guidance for interpreting the Equal Access Act's requirements outlined in the USDOE Guidance in the area of general provisions, prayer service and worship exercises, means of publicized meetings, lunch-time and recess, and leadership of religious student groups.

Any issues regarding **prayer and religious expression** ~~religion~~ in the schools, **the USDOE Guidance**, and the provisions of this Policy shall be referred to the Superintendent of Schools who may consult with the Board Attorney.

Title: SCHOOL THREAT ASSESSMENT TEAMS

The Board of Education shall establish a threat assessment team at each school in the district pursuant to N.J.S.A. 18A:17-43.4. The purpose of a threat assessment team shall be to provide school teachers, administrators, and other staff with assistance in identifying students of concern, assessing those students' risk for engaging in violence or other harmful activities, and delivering intervention strategies to manage the risk of harm for students who pose a potential safety risk, to prevent targeted violence in the school, and ensure a safe and secure school environment that enhances the learning experience for all members of the school community.

Threat assessment teams established pursuant to N.J.S.A. 18A:17-43.4.a., ~~and~~ this Policy, **and Regulation 2419** must be multidisciplinary in membership and, to the extent possible, ~~shall~~ **must** include the following individuals:

1. A school psychologist, school counselor, school social worker, or other school employee with expertise in student counseling;
2. A teaching staff member;
3. A ~~school~~ Principal or other senior school administrator;
4. A safe schools resource officer or school employee who serves as a school liaison to law enforcement; and
5. The school safety specialist designated pursuant to N.J.S.A. 18A:17-43.3. and Policy 7440, in the event that the school safety specialist is not already a school administrator or school employee required to be a part of the threat assessment team pursuant to N.J.S.A. 18A:17-43.4.b.(5).

Additional school employees may serve as regular members of the threat assessment team or may be consulted during the threat assessment process, as determined to be appropriate by the team.

Nothing contained in N.J.S.A. 18A:17-43.4 shall be construed as affecting the provisions of any collective bargaining agreement or individual contract of employment in effect on the effective date pursuant to N.J.S.A. **18A:17-43.3** ~~18A:14-43.4~~ (August 1, 2022).

This Policy and Regulation 2419, pursuant to N.J.S.A. 18A:17-43.5, are required pursuant to N.J.S.A. 18A:17-43.4, shall be aligned with the **Guidance on the Establishment of Behavioral Threat Assessment and Management Teams (BTAM) 2023 (Guidance)** guidelines developed by the New Jersey Department of Education (NJDOE) pursuant to N.J.S.A. 18A:17-43.6. and shall include, but need not be limited to:

1. ~~Guidance for students, teaching staff members, and all school staff members regarding the recognition of threatening or aberrant behavior in a student that may represent a threat to the school community;~~
2. ~~The designation of members of the school community to whom threatening behavior shall be reported;~~
3. ~~The development and implementation of policies concerning the assessment and intervention of students whose behavior poses a threat to the safety of the school community, and appropriate actions to be taken, including available social, developmental, and law enforcement resources, for students whose behavior is identified as posing a threat to the safety of the school community;~~
4. ~~Coordination and consultation with the school safety specialist designated pursuant to N.J.S.A. 18A:17-43.3. and Policy 7440; and~~
5. ~~The threat assessment team shall not disclose or disseminate any information obtained during their assessment beyond the purpose for which the information was provided to the threat assessment team, except that the threat assessment team is authorized to disclose the information to applicable agencies to pursue appropriate action pursuant to N.J.S.A. 18A:17-43.5.a.(3) for any student whose behavior is identified as posing a threat to the safety of the school community.~~

The school district shall structure the threat assessment teams to best meet the needs and resources available, which may include school-based teams and/or district-level teams.

The Superintendent or designee will build a behavioral threat assessment and management program that will: establish a multi-disciplinary team; define prohibited and concerning behaviors; create a central reporting mechanism; define a threshold for law enforcement intervention; establish threat assessment procedures; develop risk management options; create and promote safe school climates; and conduct training for all stakeholders.

The threat assessment and management process will include: the threat assessment team's actions when first learning of a new report or threat; screening the case; gathering information; organizing and analyzing information; making

the assessment; developing and implementing a case management/intervention plan; re-assessing and case monitoring; and documenting and closing the case.

When assessing a student whose behavior may pose a threat to the safety of the school community, in the case of a student with an Individualized Education Program (IEP) or 504 Plan, the threat assessment team shall consult with the IEP team or 504 team to determine whether the aberrant behavior is a threat to school safety and is being properly addressed in a manner that is required by N.J.A.C. 6A:14 and all Federal and State special education laws.

Each member of the threat assessment team **must attend** ~~shall participate in~~ training in accordance with ~~provided by the school safety specialist designated pursuant to~~ N.J.S.A. 18A:17-43.43, **this and Policy, and Regulation 7440** that is consistent with the **Guidance** ~~guidelines~~ developed by the NJDOE pursuant to N.J.S.A. 18A:17-43.6. **Training must be coordinated with the New Jersey Department of Education, Office of School Preparedness and Emergency Planning (OSPEP).** The training shall ensure the threat assessment team is able to accurately assess student behavior and to ensure that threat assessment teams do not have a disparate impact on students based on their race, ethnicity, homelessness status, religious belief, gender, gender identity, sexual orientation, or socioeconomic status. The training shall, at a minimum, include training on adverse childhood experiences, childhood trauma, cultural competency, and implicit bias.

~~The NJDOE, in consultation with State law enforcement agencies and the New Jersey Office of Homeland Security and Preparedness, shall develop guidelines for school districts regarding the establishment and training of threat assessment teams pursuant to N.J.S.A. 18A:17-43.4 et seq. The NJDOE shall provide training through the New Jersey School Safety Specialist Academy established pursuant to N.J.S.A. 18A:17-43.2. The school safety specialist designated pursuant to N.J.S.A. 18A:17-43.3. and Policy 7440 shall provide training to school staff consistent with the training and guidelines provided by the NJDOE.~~

Should a threat assessment team become aware of an allegation of HIB when considering or conducting assessments, they must follow Policy 5512 – Harassment, Intimidation, or Bullying for addressing allegations of HIB in alignment with the Anti-Bullying Bill of Rights Act.

Should a threat assessment team become aware of a bias-related act, the team should implement Policy and Regulation 8465 – Bias Crimes and Bias-Related Acts on reporting bias-related acts to law enforcement in accordance with the Memorandum of Agreement Between Education and Law Enforcement Officials and Policy and Regulation 9320 – Cooperation With Law Enforcement Agencies.

Questions and concerns about Family Educational Rights and Privacy Act (FERPA) and the Health Insurance Portability and Accountability Act (HIPAA) protections often arise as part of the threat assessment planning process. The threat assessment teams must understand how to balance the safety of the school

with the privacy of individual students. These laws should not be an impediment to threat assessment and management.

Title: **BRIDGE YEAR PILOT PROGRAM**

The New Jersey Commissioner of Education has established a three-year “Bridge Year Pilot Program,” under which each school district with a high school shall offer students in the graduating classes of 2021 and 2022 the opportunity to pursue a Bridge Year during the year immediately following their senior year of high school, in accordance with the Provisions of P.L. 2020 c.41. The purpose of the Bridge Year Program shall be to provide participating students with an additional year to address learning loss and missed opportunities in extracurricular activities, including spring sports programs, as a result of the public health state of emergency caused by the COVID-19 pandemic.

DEFINITION

For the purpose of this policy, “host high school” means the high school that a student, who pursues a Bridge Year pursuant to the provisions of P.L. 2020 c.41, attended as a junior in high school.

BRIDGE YEAR LIAISON

Under the Bridge Year Pilot Program each high school in a school district shall designate a school staff member as a Bridge Year Liaison to serve as the school’s central point of contact for students interested in pursuing a Bridge Year and for students participating in a Bridge Year. Nothing in P.L. 2020 c.41 shall be construed to require a school district to hire an individual to serve as a Bridge Year Liaison.

STUDENT ELIGIBILITY

To be eligible to participate in the Bridge year Pilot Program, a student shall be nineteen (19) years of age or younger and shall not turn twenty (20) years of age at any time during the Bridge Year, except that a classified student shall be eligible to participate if the student will turn twenty (20) years of age during the Bridge Year due to services provided pursuant to the student’s individualized education program. To participate in the Bridge Year Pilot Program, eligible students must notify their host high school’s Bridge Year Liaison by February 15 of their senior year.

The Bridge Year Liaison shall develop, in consultation with Bridge Year students, an Individual Learning Plan (ILP) for each student. To ensure ample time to plan for the

implementation of services outlined in the ILP, each Bridge Year student's ILP shall be completed by May 15, but no later than June 1 of the student's senior year.

Title: MEAL CHARGES/OUTSTANDING FOOD SERVICE BILL

The Board of Education shall establish a meal charge program to permit students in the District to charge for breakfast or lunch. Collection of any payment for a meal charge program account that is in arrears shall be addressed in accordance with provisions of this policy.

The Board of Education recognizes a student may forget to bring breakfast or lunch (meal), as applicable, or money to purchase a meal to school on a school day. In this circumstance, the food service program will provide the student a meal and will inform the Principal or Program Administrator or his or her designee. The Principal or Program Administrator or his or her designee will contact the student's parent to provide notice of an outstanding meal bill and will provide the parent with a period of ten (10) school days to pay the amount due. If the student's parent has not made full payment by the end of the ten (10) school days, the Principal or Program Administrator or his or her designee shall again contact the parent with a second notice informing the parent of any action to be taken by the District in response to a student's school breakfast or school lunch bill being in arrears. Such action may include denying the student school breakfast or lunch. The District shall report at least biannually to the New Jersey Department of agriculture the number of students who are denied school breakfast or school lunch in accordance with N.J.S.A. 18A:33-21a (Short title; Hunger-Free Students' Bill of Rights Act) and this policy.

The District shall not:

1. Publicly identify or stigmatize a student who cannot pay for a meal or whose school meal bill is in arrears. (For example, by requiring the student to sit at a separate table or wear a wristband hand stamp, or identifying mark or by serving the student an alternative meal);
2. Require a student who cannot pay for a school meal or whose school meal bill is in arrears to do chores or other work to pay for the school meal; or
3. Require a student to discard a school meal after it has been served because of the student's inability to pay for a school meal or because money is owed for previously provided meals.

If a student owes money for the equivalent of five (5) or more school meals at any time during the school year, the Principal or Program Administrator or his or her designee shall:

1. Determine if the student is eligible for a free or reduced-price school meal;
2. Make at least two (2) attempts, not including the application or instructions provided to the parent each school year pursuant to N.J.S.A. 18A:33-21b (Information provided to parents or guardians related to school lunch and breakfast programs, application; rights of students and families); to contact the student's parent and have the parent fill out an application for the school lunch program and school breakfast program; and
3. Contact the student's parent to offer assistance with the application for the school lunch and school breakfast program; determine if there are other issues within the household that have caused the child to have insufficient funds to purchase a school breakfast or school lunch; and offer any other appropriate assistance.

The District shall direct communications about a student's school meal bill being in arrears to the parent and not the student. The District's contact with the parent may be via email or telephone call. Nothing in N.J.S.A. 18A:33-21 (School breakfast or lunch bills in arrears; notice; report; prohibited actions; determination of eligibility for school meal programs; communication with parent or guardian) shall prohibit the District from sending a student home with a letter addressed to a parent.

A parent who has received a second notice informing them that their child's meal bill is in arrears and who has not made payment in full within one week from the date of the second notice will be requested to meet with the Principal or Program Administrator or his or her designee to discuss and resolve the matter.

A parent's refusal to meet with the Principal or Program Administrator or his or her designee or take other steps to resolve the matter may be indicative of more serious issues in the family or household. However, when a parent's routine failure to provide breakfast or lunch is reasonably suspected to be indicative of child abuse or neglect, the Principal or Program Administrator or his or her designee shall immediately report such suspicion to the Department of Children and Families, Division of Child Protection and Permanency as required in N.J.S.A. 9:6-8.10 (Reports of child abuse). Such reporting shall not be delayed to accommodate a parent's meeting with the Principal or Program Administrator or his or her designee.

Students receiving free meals will not be denied a meal even if they accrued a negative balance from other purchases in the cafeteria.

In accordance with N.J.S.A. 18A:33-21b (Information provided to parents or guardians relating to school lunch and breakfast programs; application; rights of students and families), at the beginning of each school year, and upon initial enrollment in the case of a student enrolled during the school year, the District shall provide to the parent of each student:

1. Information on the National School Lunch Program and the Federal School breakfast Program;
2. An application to apply for the school lunch and school breakfast programs and instructions for completing the application; and
3. Information on the rights of students and their families under N.J.S.A. 18A:33-21 et seq.

The District may provide the application and information electronically through the means by which the District communicates with parents electronically. The application and information shall be in a language the parent understands.

The District's liaison for the education of homeless children shall coordinate with District personnel to ensure that a homeless student receives free school meals and is monitored according to the District policies pursuant to N.J.S.A. 18A:33-21c (Provision of free school meals to homeless students).

The District may post this policy on the District's website provided there is a method in place to ensure this policy reaches all households without access to a computer or the Internet.

REGULATION

Section: STUDENTS
Number: R5460.02M

TITLE: BRIDGE YEAR PILOT PROGRAM

All public school districts, including charter and renaissance schools, that enroll high school students must offer all eligible students the opportunity to participate in the Bridge Year Pilot Program (P.L. 2020 c.41)

To participate in the Bridge Year Pilot Program, eligible students must notify their host high school's Bridge Year Liaison of their intent to participate by February 15 of their senior year.

- I. Bridge Year Liaison
 - A. To facilitate compliance with the requirements of the Bridge Year Pilot Program, each public high school in a school district shall designate a school staff member as a Bridge Year Liaison.
 - B. The school's Bridge Year Liaison shall serve as the school's point of contact for students interested in participating in the Bridge Year Pilot Program, facilitate planning of the Bridge Year students' academic services, and regularly communicate with the respective county college regarding students' academic progress.
 - C. Bridge Year Liaisons shall develop, in consultation with Bridge Year students, an Individual Learning Plan (ILP) for each student.
 - D. The Bridge Year Liaison:
 - 1. Shall collect and report attendance in accordance with the school district's policy for those students participating in classes not at the host high school consistent with N.J.A.C. 6A:16-7.6. Attendance for classes at the host high school shall be collected and recorded in the normal course;
 - 2. Must receive reports from the institution of higher education that a Bridge Year student attends at least quarterly. The reports must demonstrate, in a manner specified by the student's ILP, the student's academic progress and performance; and

3. Shall ensure that at the conclusion of each semester of the Bridge Year, the student's high school transcript reflects any high school and college credits earned during the Bridge Year in accordance with Policy No. 5460.02M and Regulation No. R5460.02M

II. Student Eligibility

- A. To be eligible to participate in the Bridge Year pilot Program, a student must:
 1. Be in the graduating classes of 2021 or 2022;
 2. Meet all applicable high school graduation requirements by the end of their senior year of high school;
 3. Be nineteen (19) years old or younger during the entirety of the Bridge Year; a student that would turn twenty (20) years old before the end of their Bridge Year is not eligible to participate;
 - a. A student with disabilities is eligible to participate if the student will turn twenty (20) years old during the Bridge Year due to services provided under the student's individualized education program (IEP); and
 4. Maintain grade point average of 2.0 during the Bridge Year.
- B. Students with disabilities who receive special education and related services under the Individuals with Disabilities Education Act (IDEA) must be granted the opportunity to participate in a school district's Bridge Year pilot Program in accordance with federal and state special education requirements.
 1. Regarding the Bridge Year's age requirements in Section II.A.3. above school districts that have students with disabilities who have satisfied their state and local graduation requirements, but may need an extra year of services, and will not turn twenty-one (21) years old before June 30, may receive services for another year as determined by the students IEP team, which includes the student and the student's parent(s).
 2. The school district's Bridge Year Liaison should collaborate with the student's IEP team as the services provided to students with disabilities should be focused on transition services. Services shall be delivered via the IEP.

III. Academics

- A. Individual Learning Plans (ILP)

1. Each Bridge Year student's academic and co-curricular goals for the Bridge Year shall be defined in an ILP. A student's ILP shall detail the activities and strategies for accomplishing these goals, including, but not limited to, counseling, academic support, coursework, and co-curricular or athletic participation. The New Jersey Department of Education (NJDOE) developed an ILP template for school districts, which will be available on the NJDOE's webpage.
 - a. In developing a student's ILP, a school district should utilize the considerations outlined in Bridge Year Pilot Program (P.L. 2020 c.41) Implementation Guidance.
2. To ensure ample time to plan for the implementation of services outlined in the ILP, each bridge year student's ILP shall be completed by May 15, but no later than June 1 of the student's senior year.

B. Academic and Course Requirements

1. Students participating in the Bridge Year Pilot Program shall meet the following academic and course requirements:
 - a. During the fall semester, students shall take between nine (9) and twelve (12) credits at the host high school, county college in the county in which the host high school is located, or a combination thereof;
 - b. During the spring semester, students shall take between nine (9) and twelve (12) credits at the county college in the county in which the host high school is located;
 - c. During either semester, students may take up to three (3) credits offered by a four-year institution of higher education at any high school in the state or any other location to fulfill the student's credit requirements described in Section III. B.1.a. and b. above;
 - d. Students who pursue a Bridge Year and participate in a spring sport sanctioned by the New Jersey State Interscholastic Athletic Association (NJSIAA) shall enroll in less than twelve (12) college credits, or otherwise be enrolled in a number of college credits as to not be considered a full-time college student, in each of the fall and spring semesters during the student's Bridge Year;
 - e. During the Bridge Year, students do not need to participate in health, safety, and physical education as required by N.J.S.A. 18A:35-5, 35-7, and 35-8 (N.J.A.C. 6A:8-5.1(a)1.vi); and

- f. A Bridge Year student shall be considered a non-matriculated student of the respective county college.
2. School districts that do not operate on the basis of fall and spring semesters should meet the spirit of the academic and course requirements outlined in Section III.B.1. above, and ensure that Bridge Year student meet their total credit requirements for the entirety of the Bridge Year Pilot Program.

C. Graduation

1. As stated in Section II.A.2 above, all students must meet all applicable high school graduation requirements by the end of their senior year of high school before participating in the Bridge Year Pilot Program.
2. The Bridge Year student may participate in the graduation ceremony at the end of his or her senior year or the end of his or her Bridge Year.
3. The student's diploma will be withheld and formal matriculation from high school will be deferred until completion of the Bridge Year Pilot Program.
 - a. Participating students are only held to the graduation requirements of their senior year and are not required to meet the graduation requirements of their Bridge Year in order to receive their high school diploma.
 - i. For example, 12th graders in the graduating class of 2021 – whose Bridge Year would take place during the 2021-2022 school year – will be held only to the graduation requirements applicable to the class of 2021, as modified pursuant to Executive Order 214 by the Governor of New Jersey, and not to the graduation requirements for the class of 2022.
4. At the conclusion of each semester of the Bridge Year Pilot Program, the host high school shall update the student's high school transcript to reflect any high school credits earned during the Bridge Year.
5. If a student decides to pursue a Bridge Year in the fall semester, but does not continue the Bridge Year in the spring semester, the student's host high school shall release all final transcripts and other records as necessary and as may be requested.

IV. Data Reporting

A. NJ SMART

1. The NJDOE will add a new field in the NJ SMART SID Management to indicate whether 12th graders are planning to participate in the Bridge Year Pilot Program in the following year (beginning in the 2020-2021 school year) or whether a 12th grader is currently participating in a Bridge Year Pilot Program (beginning in the 2021-2022 school year).
2. School districts will be required to begin entering this information for all 12th graders beginning with the June 2021 snapshot.

B. School and District Accountability

1. Students participating in the Bridge Year Pilot Program will continue to be included in the accountability calculations for both Every Student Succeeds Act school accountability and New Jersey Quality Single Accountability Continuum (QSAC) district accountability during their Bridge Year.
 - a. This would include graduation rate and chronic absenteeism calculations for both school and district accountability.
 - b. Students participating in the Bridge Year Pilot Program will not count as graduates for graduation rate calculations until they receive a diploma at the end of the Bridge Year.

V. Athletic Requirements

- A. Students participating in the Bridge Year Pilot Program are eligible to participate in NJSIAA sanctioned sports at their host high school – and only at their host high school – during the spring season of their Bridge Year.
 1. Bridge Year students are not eligible to participate in fall or winter sports during their Bridge Year.
- B. Students must meet the eligibility requirements outlined by the NJSIAA.
- C. A student who decides not to continue their Bridge Year in the spring semester shall not be eligible to participate in a spring sports program or extracurricular activities.
- D. Bridge Year students participating in spring athletics are subject to the athletic code of conduct, and any other applicable codes, rules, or school district policies as other students participating in the spring sport.
